

**A.R.K. Ramos
Perfect Impression™
plaques feature the
revolutionary new
pattern process that
allows you to create
stunning pictorials in
cast metals at an
economical price.**

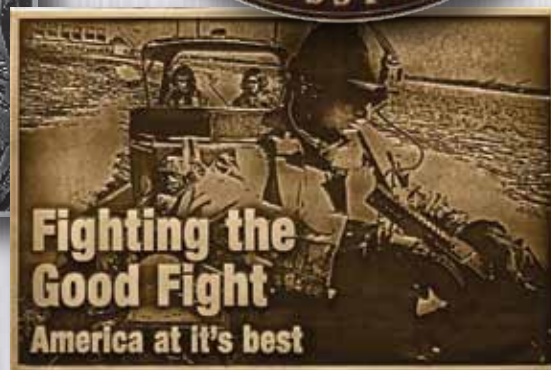

This revolutionary new process allows the designer to create beautiful multi-dimensional plaques at a fraction of the cost of bas relief castings. You supply the high resolution photos and we do the rest.

Our artists can create collages or use a single photo along with text to tell the story behind your project. This new process gives slightly less relief than sculpted plaques but much more relief than standard etched metal plates.

The best part: we can do all of this for a very affordable price in aluminum, bronze or brass. Call today to find how we can make your next pictorial project come to life with a Perfect Impression™ plaque from A.R.K. Ramos.

PERFECT IMPRESSION™

If you are looking for cutting edge pictorials in cast plaques look no further. We have the answer.
